A progress Report of a Student of B.ED.

A student of B.Ed. Course for the session 2021-23 named Sri Nirmali Mahanta had less confidence on her ability and no interest in any artistic and creative activities. During the two years of B.Ed. program, the college environment helped her to develop creativity, innovativeness, intellectual and thinking ability, life skills etc.

She developed her creative skills through Art and Craft practice like Painting, Drawing, Poster Making, Mask Making, Bag Making, Terracotta Workshop, Bamboo Craft etc. She developed self-confidence by participating in different activities.

She was motivated to attend the regular classes for theoretical knowledge. Apart from these various works and activities such as Group Discussion on Current Affairs, Debates, Brainstorming, Participative Learning, Library Hours, Value Added Courses etc. are organized by the college which helped her to develop intellectual and thinking ability.

Various programs organized in the college to nurture innovativeness like use of ICT in Teaching-Learning process, Construction of creative teaching aids, dramatization, nurturing child with special needs etc. helped her in acquiring the teaching skills.

The project on self-development and various speeches by resource person on life skill education, nurturing productive skill by constructive works like Terracotta Workshop, Bamboo Craft, Mask Making etc. helped her to develop holistic personality. Some other programs like Gender equality workshop, tree plantation, Community Festival etc. helped to developed empathy and communication in her. Gradually she developed good communication skill and became a good anchor along with development of other required skills for teaching profession which helped her to become a perfect teacher.
