

## **“Students Satisfaction Survey” of the Session 2018-2019**

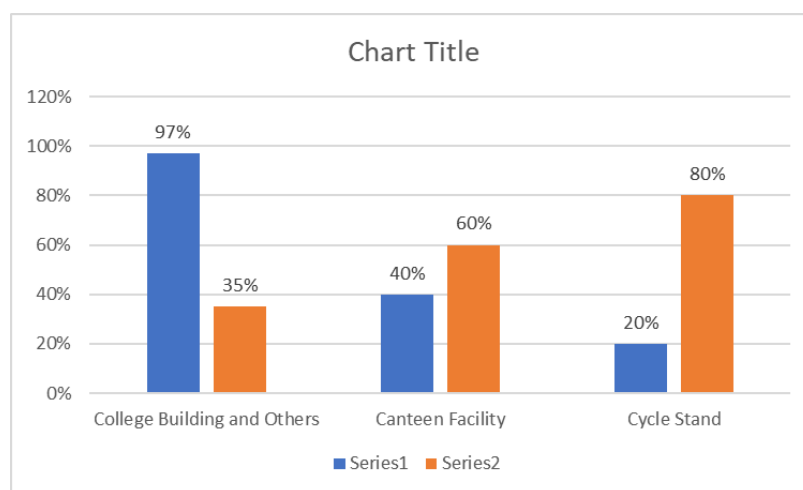

College of Education , Nagaon was established in 1992 as a result of the effort of some educationist of Nagaon town. It is one of the premier teacher education institution of Assam. Its classes were first held in Dawson Higher Secondary School, Nagaon. In 1994 college was shifted to its own building located near Srimanta Sankar Mission. It has an adequate number of competent and dedicated teacher educators in the teaching staff, a big library with all necessary text books and reference books and attractive building with a big hall for general classes and rooms for methods , multipurpose laboratory , computer laboratory, indoor games etc. Facilities for outdoor games , cultural activities and computer education are also available. Nagaon is well recognized cultured place with the sacred place Bordowa , the birth place of Srimanta Sankar Dev. Art works like bell metal, handloom etc are famous. A brief history of the college should also include contributions of the college of education, Nagaon which allowed its classrooms initially to be used for student teachers of the college. Classes were held during the period of 10 a.m. to 4 p.m.

During the session 2018-19, to know the students satisfaction regarding overall condition of the college, IQAC set 30 questions to know the response regarding the college infrastructure condition, ICT facilities, Library facilities, Teachers quality and Curricular aspects. The sample

for the survey was 120 students who were selected randomly to know their opinions.

### **Regarding Infrastructure :**

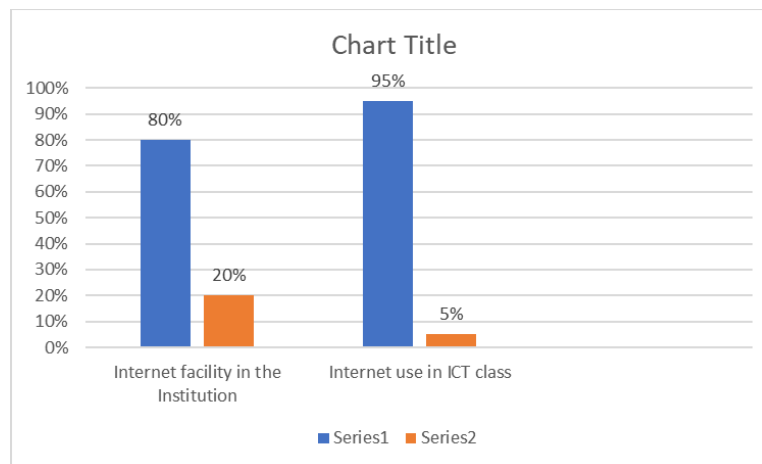

Among the sample students 97% gave positive response regarding college building , classrooms and toilet facility while 3% of the students gave negative response on the above mention items. 60% of the students gave negative responses regarding the canteen facility of the institution. While 40% of the students gave positive response. 80% of the students gave negative response regarding cycle stand of the institutions while 20% of the sample response positively.

**N. B.: Positive: Series 1      Negative: Series 2**
